

Dear 6<sup>th</sup> Class,

I feel very honoured to have taught each of you in your final year of Primary School. I even had the pleasure of teaching some of you twice! I have thoroughly enjoyed watching you all grow into the fabulous young people you are today. I'm so proud of how you adapted to a new way of learning during the last few months of 6<sup>th</sup> Class. This just goes to show how mature you are and gives me the confidence that you will all settle in very well into your new secondary schools. I'm sure some of you might be a little nervous at first but you will find your place in time.

My favourite memory of 6<sup>th</sup> Class has to be the day you threw me a surprise birthday party. It was the first time ever that a class had found out my birthday and threw me a party! I felt very special, even though I suspect some of you just wanted to doss for the day!!!! It really was so lovely and I really appreciated all the effort you went to.

I want to wish you all the very best of luck in secondary school. I hope you all settle in well, make new friends, strengthen old friendships, expand your minds and most important of all, are happy!

You will be missed by everyone in St. Mary's, especially me!

I hope I will see you all again soon.

Love,  
Mrs. Murphy xx
